INDEPENDENT AUDITORS' REPORT

Board of Directors and Management
YWCA Missoula
YWCA Missoula Title Holding Company
Missoula, Montana

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of YWCA Missoula and YWCA Missoula Title Holding Company (nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2024 and 2023, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of YWCA Missoula and YWCA Missoula Title Holding Company as of June 30, 2024 and 2023, and the changes in their financial position and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the YWCA Missoula and YWCA Missoula Title Holding Company and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the YWCA Missoula and YWCA Missoula Title Holding Company's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

321 W Broadway, 4th Floor / Missoula, MT 59802
Office: (406) 549-4148 / Fax: (406) 549-3003 / jccscpa.com

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable used based on the consolidated financial statements.

In performing our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the YWCA Missoula and YWCA Missoula Title Holding Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the YWCA Missoula and YWCA Missoula Title Holding Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary schedules I through IV and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements.

The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules I through IV and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 19, 2025, on our consideration of YWCA Missoula and YWCA Missoula Title Holding Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of YWCA Missoula and YWCA Missoula Title Holding Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering YWCA Missoula and YWCA Missoula Title Holding Company's internal control over financial reporting and compliance.

Supplementary Cash Flow Information		
Cash paid for interest	$ 113,100	$ 114,751

See the independent auditors' report and the accompanying notes to the financial statements.

Note 1. Nature of Organization and Summary of Significant Accounting Policies

Organization

YWCA Missoula (the YWCA), is a private non-profit organization incorporated under the laws of the State of Montana and exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The YWCA is dedicated to the elimination of racism, empowering women, and promoting peace, justice, freedom, and dignity for all persons. The YWCA accomplishes these goals through programs that provide homes for homeless individuals, empowering women, children, and men to live safely and heal from violence and growing the next generation of strong women leaders, and transforming the community to make it welcome for all people, regardless of race or gender.

YWCA Missoula Title Holding Company (the Title Holding Company) is a nonprofit public benefit corporation incorporated under the laws of the State of Montana in April 2019, for the exclusive benefit of YWCA Missoula. The Title Holding Company's purpose is to hold title to property, complete construction of the facility expansion at 1800 South 3rd Street in Missoula, Montana, and lease said property back to YWCA Missoula. The property is operated in such a way that it qualifies as a Qualified Active Low-Income Community Business under the definition of the New Markets Tax Credit (NMTC) Program under Internal Revenue Code (IRC) Section 45(d). The activities of the Title Holding Company are solely related to leasing property to YWCA Missoula after construction of the facility expansion.

Basis of Consolidation

The accompanying financial statements are presented on a consolidated basis. The financial statements have been consolidated pursuant to the guidance outlined in Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958-810-25-8. In accordance with ASC 958-810-25-8, substantially all of the activities of the Title Holding Company involve assets that are to be leased to a single lessee, YWCA Missoula. In addition, the expected substantive residual risks and substantially all of the residual rewards of the leased assets and the obligation imposed by the underlying debt of the Title Holding Company reside directly or indirectly with YWCA Missoula. Finally, the owners of record of the Title Holding Company have not made an initial substantive residual equity capital investment that is at risk during the entire lease term. All significant inter-entity accounts and balances are eliminated upon consolidation.

Programs

The Family Housing Center is a residential and walk-in center for homeless families with dependent children. On-site housing, assessment, referral, and support services are offered free of charge for unsheltered families as they seek stable, permanent housing. Support specialists and trained volunteers work one-on-one with families to address barriers to housing security, connect them to mainstream resources, and assist them in applying for and securing permanent housing.

The Rapid Re-Housing Program places a priority on moving homeless families into permanent housing as quickly as possible. The YWCA Rapid Re-Housing Program offers a variety of assistance, including security deposits, rental assistance for up to one year, advocacy, credit counseling, and resource and referral information that supports access to employment and job training.

The Planet Kid Supervised Visitation and Exchange Program offers a peaceful, safe, and welcoming environment to encourage positive interactions between children and the visiting parents through site supervised visits and safe monitored exchanges for families affected by domestic violence. The visitation center has the goals of offering assistance arranging continued contact between non-residential parents and their children and to provide educational opportunities and resources to parents.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Programs (Continued)
The Pathways Program provides emergency shelter, transitional housing, 24 hour hotline, and crisis intervention services for survivors of domestic/dating violence, sexual assault, and stalking. Emergency shelter is available for survivors of relationship violence or sexual assault as well as counseling, support services, and case management for residents. Children witnessing domestic violence receive one-on-one attention from children's advocates and therapeutic play and age-appropriate support groups. The Pathways Program also operates a transitional housing program providing up to 18 months of independent living in local rental housing for single parent survivors of domestic violence and their children.

The Hallmark Program aims to dismantle societal systems and norms that are the reasons BIPOC are disproportionately affected by issues of poverty, homelessness, underemployment and violence. The initiative includes community education and advocacy, as well as internal anti-racism training.

The Youth Services Program is a leadership and empowerment program that encourages young women ages 9 to 18 to explore their personal values and discover their inner strengths. The program provides a safe and supportive environment for girls to build confidence, explore important issues, develop strong and healthy relationships, and practice their leadership skills while also laughing and playing. The program provides summer outdoor wilderness adventures and after-school groups during the school year. Girls in after-school groups choose service projects that matter to them, and make a difference in the community at large.

The Clinical Program is a YWCA team staffed by licensed counselors or social workers, licensure candidates, or masters level students in counseling or social work degree programs. These staff are tasked with providing clinical services to YWCA participants. These services include therapy, support groups, and crisis counseling. The clinical program also supports other YWCA programs through consultation on working with mental health needs and reducing secondary trauma.

Basis of Presentation and Measurement Focus
As a non-profit organization, the YWCA's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The YWCA's financial statements are presented using the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the statement of financial position. The statement of activities presents increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Classification of Net Assets

The YWCA follows the provisions of FASB ASC 958, *Not-For-Profit Entities*, and classifies contributions as with or without donor restrictions in accordance with donor stipulations. Net assets without donor restrictions are used for internal operations and administration and to benefit the YWCA's missions at the discretion of the board of directors. Net assets with donor restrictions are restricted for special projects, programs, and other gifts restricted as to purpose or time or in perpetuity.

When a donor restriction expires (time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. All expenses are reported in net assets without donor restrictions, after applicable restrictions have been satisfied.

Cash and Cash Equivalents

Cash and cash equivalents include cash in banks and on hand, and highly liquid debt instruments that are readily convertible to known amounts of cash. For purposes of the statement of cash flows, the YWCA considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Amounts included in restricted cash and cash equivalents are amounts that are restricted for purposes of financing the facility expansion project. The YWCA maintains various accounts that are insured by the Federal Deposit Insurance Corporation (FDIC). At June 30, 2024 and 2023, YWCA had $491,463 and $2,052,533 of deposits, respectively, exceeding the FDIC insurance limit of $250,000.

The YWCA cash funds earn interest through participation in a Master Sweep Repurchase Agreement through a reputable financial institution. Daily, the financial institution sells to the YWCA an undivided fractional interest in the principal amount of government securities. The securities must be direct obligations of, or guaranteed by, the United States, its agencies, or instrumentalities. Market risks associated with this agreement are similar to market risks of any government security. The securities have a current market value equal to or greater than the principal amount of the transaction. The funds invested in the agreement are not considered deposits and are not insured by the Federal Deposit Insurance Corporation; however, the funds are collateralized by the government securities purchased with those funds. Although management has expressed no intention to do so, the Organization may terminate the agreement at any time.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value. Interest, dividends, and gains or losses are reported as changes in net assets without donor restrictions on the statement of activities. The YWCA’s investment in securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the financial statements.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Grants and Pledges Receivable
Grants receivable represent the balance of grant funds earned but not yet received in cash. Most grants allow monthly draw-downs of cash which provide operating capital for program operation.

Unconditional promises to give (pledges receivable) that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those receivables are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Conditional promises to give are not included as support until the conditions are substantially met. A discount on promises to give in excess of one year has been calculated as described in Note 2. Pledges receivable are periodically evaluated for collectibility based on past collection history. Provisions for losses on pledges are determined on a basis of loss experience, known and inherent risks in the accounts, and current economic conditions.

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Contributions without donor restrictions are reported as increases in net assets without donor restrictions. All donor-restricted contributions are reported as increases in net assets with donor restrictions.

Prepaid Expenses
Prepaid expenses consist of amounts paid for property insurance, unemployment insurance, and national YWCA dues. These expenses were paid within the fiscal year but attributable to the following year's activities.

Rent Deposit
Rent deposit consists of security deposits paid for tenants through the family housing program.

Property, Plant, and Equipment
The YWCA capitalizes assets that have a cost of $5,000 or more and an expected useful life of at least three years. All fixed assets are carried at cost. Straight-line depreciation is used to depreciate assets over estimated lives of three to forty years. Equipment purchased with grant funds is subject to rights of rescission of the grantors. Equipment purchased with grant monies are limited to use by the grant program that purchased the equipment. Should the program terminate, grantors may invoke claim to that equipment purchased through the terms of the grant agreement.

Inventories
The Organization receives its inventory through non-cash donations from individuals, businesses, and other organizations. In GAAP, donated goods are recorded as contributions at their estimated fair value at the time of donation. The Organization estimates fair value based on historical sales trends for similar items.

Inventory is recorded at the lower of cost (donated value) or net realizable value. Due to the nature of donated goods, inventory turnover is high, and management periodically reviews and adjusts inventory values to reflect any obsolescence or declines in market value.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Inventories (Continued)
Cost of Goods Sold (COGS) consists solely of the fair value of donated inventory at the time of donation and is recognized when inventory is sold. COGS does not include any direct costs associated with processing, sorting, or preparing goods for sale, as these expenses are recorded separately as operating expenses. Additionally, inventory adjustments for damaged, obsolete, or unsellable goods are included in COGS.

Proceeds from the sale of donated goods help to support the Organization's mission and programs. Any unsold or unusable inventory may be donated to other charities or recycled to minimize waste.

Accrued Leave Liabilities
The YWCA accrues annual leave liabilities for eligible employees. Employees earn 15 to 20 days of annual leave per year and may carryover a maximum of 160 hours to the following year. Employees are paid 100 percent of earned leave upon termination. The liability for accrued vacation was $100,812 and $81,172 as of June 30, 2024 and 2023, respectively.

Gifts In-Kind
With the exception of donated inventory previously disclosed, the Organization received no gifts in-kind during the year ended June 30, 2024 and 2023 that met the criteria for recognition in accordance with FASB ASC 958.

The Organization's policy related to gifts in-kind is to utilize them to carry out the mission of the Organization. If an asset is provided that does not allow the Organization to utilize it in the normal course of business, the asset will be sold at its estimated fair value as determined by appraisal, specialist, or comparison with market rates, depending on the type of asset.

Many other individuals have donated time and services to advance YWCA's programs and objectives. Although essential to YWCA's operations, the value of these services has not been recorded in the financial statements, because they do not meet the criteria for recognition under accounting principles generally accepted in the United States of America.

Revenue from Contracts with Customers
The YWCA's revenue from contracts with customers includes the following; thrift store sales, fees for services, and membership dues. All revenue from contracts with customers is recognized at a point in time as opposed to over time. General economic conditions affecting the Missoula area have an impact on the nature, amount, timing, and uncertainty of revenue and cash flows from contracts with customers. The YWCA has no contract assets, contract liabilities, or receivables from contracts with customers at June 30, 2024 and 2023. Performance obligations for thrift store sales are met at the point of sale. There are no obligations for returns at June 30, 2024 and 2023 as the amount is deemed to be immaterial by management. Performance obligations for fees for services are satisfied when the service is provided while payment for the service is usually made in advance of the service. Performance obligations of membership dues, providing a 20% discount on full price store items, are met over the term of the membership. However, the difference between recognizing revenue over time as compared to the point at which the YWCA receives consideration for membership is deemed immaterial by management. Therefore, the YWCA recognizes membership dues at a point in time.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Program Activities and Expense Classification

The YWCA allocates costs that can be identified specifically with a particular final cost objective directly to the services benefiting. Joint costs are allocated directly to fundraising, management and general, and program services on the basis of estimated time identifiable with such services. The primary activity groups and their related purposes are summarized as follows:

Family Housing – Include costs associated with short and mid-term residential housing for qualifying individuals and families, and assessment, case management, referral, and supportive services for those individuals and families designed to promote self-sufficiency and long-term stable housing.

Rapid Re-Housing – Include costs associated with providing assistance to moving homeless families into permanent housing as quickly as possible.

Pathways Program – Include costs associated with providing emergency shelter, a 24-hour crisis line, peer counseling, and advocacy for those persons that are victims of domestic and sexual violence.

Planet Kids Supervised Visitation and Exchange Program – Include costs to encourage positive interaction between children and the visiting parents through site supervised visits and safe monitored exchanges for families affected by domestic violence.

Youth Services – Include costs of the YWCA's leadership and empowerment program including costs associated with wilderness adventures and after-school programs for girls ages 9 to 18.

Hallmark Program – Costs associated with providing community engagement activities to promote the elimination of racism.

Thrift Stores – These activities provide a place for community support through donations of high quality, used clothing and goods that are provided at no cost to vulnerable members of the community and offered for sale at low-cost to the general public.

Clinical Program - Costs associated with providing clinical services to YWCA participants.

Facility Expansion – Costs include expenses related to the Capital Campaign for the facility expansion project that includes the new YWCA Service Center, Domestic Violence Shelter, and Housing Center for homeless families.

Management and General – Consists of funds used for administering the YWCA. The costs allow the YWCA to operate and provide services to clients but are not directly attributed to client services. General and administrative expenses consist of the common costs associated with the general management of the YWCA.

Fundraising – These activities provide low-cost supplies and services for special events and activities designed to create public awareness and support for community based activities and programs.

Advertising

YWCA expenses advertising and outreach costs as incurred. Advertising and outreach expense totaled $19,197 and $12,120 for the years ended June 30, 2024 and 2023, respectively.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Income Taxes

YWCA is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, while YWCA Missoula Title Holding Company is exempt under Section 501(c)(2) of the Internal Revenue Code. The 501(c)(3) code section enables YWCA to accept donations that qualify as charitable contributions to the donor. No provision for income taxes has been recorded in the accompanying financial statements as YWCA and YWCA Missoula Title Holding Company did not have any unrelated business income subject to taxation in 2024 and 2023.

Management of Liquid Resources

YWCA can receive contributions with donor restrictions. Because a donor's or grantor's restriction requires resources to be used in a particular manner or in a future period, YWCA must maintain sufficient resources to meet these responsibilities. Thus, financial assets may not be available for general expenditure within one year.

YWCA considers contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include management and general expenses, and fundraising expense to be paid in the subsequent year. Annual operations are defined as activities occurring during YWCA's fiscal year. YWCA structures its financial assets so that financial assets are available as liabilities become due.

The following represents YWCA's financial assets at June 30:

	2024	2023
Financial assets at year end:		
Cash and restricted cash and equivalents	$ 779,509	$ 2,574,630
Grants receivable	419,223	170,627
Pledges receivable	349,403	599,623
Notes receivable	8,349,600	8,349,600
Investments	4,293,003	2,689,532
Total financial assets	14,190,738	14,384,012
Less amounts unavailable for use within one year:		
Restricted cash	314,440	98,426
Current receivables restricted	513,958	223,945
Long-term receivables	219,751	227,908
Long-term portion of note receivable	8,349,600	8,349,600
Long-term investments	2,060,248	1,825,410
Total financial assets unavailable for use within one year	11,457,997	10,725,289
Financial assets available to meet cash needs for general expenditures within one year	$ 2,732,741	$ 3,658,723

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Estimates
Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of income and expense. Accordingly, actual results could differ from these estimates.

Reclassifications
Certain reclassifications have been made to the 2023 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

Note 2. Pledges Receivable

Pledges receivable represent unconditional promises to give through a written agreement to contribute cash or other assets to the YWCA. These promises to give are reported as contribution revenue and receivables even if the promise is not legally enforceable.

Pledges receivable with due dates extending beyond one year are discounted using Treasury bill rates for similar term investments. The applicable rates for new pledges ranged from 0.29% to 5.40% for the year ended June 30, 2024. Change in the discount is reported in the consolidated statements of activities in contributions revenue. Pledges receivable are periodically evaluated for collectibility based on past collection history. Provisions for losses on pledges are determined on a basis of loss experience, known and inherent risks in the accounts, and current economic conditions.

Pledges receivable reported on the statements of financial position are as follows as of June 30:

	2024	2023
Unconditional promises to give		
Pledges subject to time restriction	$ 333,795	$ 318,397
Capital campaign pledges	15,608	281,226
Gross promises to give	349,403	599,623
Less: Unamortized discount	(43,039)	(46,507)
Less: Allowance for uncollectible accounts	(60,380)	(105,798)
Net unconditional promises to give	$ 245,984	$ 447,318

The maturities of unconditional promises to give are as follows for the years ended June 30:

2025	$ 129,652
2026	93,216
2027	78,218
2028	40,340
2029	7,299
Thereafter	678
Total	$ 349,403

Note 3. Notes Receivable

During the year ended June 30, 2020, YWCA Missoula entered into a note agreement in the amount of $8,349,600 with YWMSO Investment Fund, LLC. The note is receivable on demand if requested, but will remain on the repayment schedule described herein if no demand is made. The note bears interest at 1.17% with yearly interest payments due until December 2026. Afterwards, yearly principal and interest payments are due sufficient to pay the loan in full by December 2043. At June 30, 2024 and 2023, the YWCA had $48,845 of interest receivable from this note. See Note 15 for more information.

Note 4. Investments

Investments are presented in the financial statements at fair value. Investments are maintained in custodial accounts with investment firms and are primarily composed of cash instruments and mutual funds at their listed prices (Level 1 inputs based on FASB ASC 820, *Fair Value Measurements and Disclosures*).

A summary of the cost and fair value of investments are as follows at June 30:

	2024		
	Cost	Unrealized Gain (Loss)	Fair Value
Cash	$ 251,942	$ -	$ 251,942
Equity (Level 1)	20,773	30,437	51,210
Mutual Funds (Level 1)	1,441,799	187,519	1,629,318
CD (Level 1)	2,309,656	877	2,310,533
Fixed Income (Level 1)	48,864	1,136	50,000
Total	$ 4,073,034	$ 219,969	$ 4,293,003

	2023		
	Cost	Unrealized Gain (Loss)	Fair Value
Cash	$ 493,237	$ -	$ 493,237
Equity (Level 1)	29,865	6,723	36,588
Mutual Funds (Level 1)	1,415,063	10,063	1,425,126
CD (Level 1)	540,593	269	540,862
Fixed Income (Level 1)	193,762	(43)	193,719
Total	$ 2,672,520	$ 17,012	$ 2,689,532

The calculation of realized gains is independent of the calculation of the net increase in the fair value of investments. Realized gains and losses on investments that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in fair value of investments reported in the prior year.

Note 4. Investments (Continued)

Investment expenses for the years ended June 30, 2024 and 2023 totaled $2,658 and $2,968, respectively. Components of investment income consisted of the following for the years ended June 30:

	2024	2023
Interest income, net	$ 26	$ 134
Realized and unrealized gains (losses)	275,999	161,570
Total	$ 276,025	$ 161,704

Note 5. Long-Term Debt

A summary of the YWCA's long-term debt is as follows:

	2024	2023
Note payable in annual payments of interest only at 1% until November 2027 in which yearly principal and interest installments are due sufficient to pay off the loan on November 2049; secured by real property.	$ 8,349,600	$ 8,349,600
Note payable in annual payments of interest only at 1% until November 2027 in which yearly principal and interest installments are due sufficient to pay off the loan on November 2049; secured by real property. Additionally, a mandatory principal repayment is required at the end of the compliance period on November 2026 for $120,000.	3,065,400	2,945,400
	11,415,000	11,295,000
Less: Current maturities	-	-
Long-term debt, less current maturities	$ 11,415,000	$ 11,295,000

Scheduled maturities of long-term debt are as follows for the years ending June 30:

2025	$ -
2026	-
2027	120,000
2028	447,965
2029	452,445
Thereafter	10,394,590
Total	$ 11,415,000

Note 6. Property and Equipment

Changes in property and equipment and accumulated depreciation are as follows at June 30:

	2023	Additions	Disposals	2024
Equipment	$ 761,265	$ -	$ (128,142)	$ 633,123
Building and improvement	12,254,400	111,840	(182,550)	12,183,690
Land and improvements	1,992,946	-	-	1,992,946
Construction in progress	12,250	-	(12,250)	-
Gross property and equipment	15,020,861	111,840	(322,942)	14,809,759
Less accumulated depreciation	(2,099,598)	(420,796)	309,879	(2,210,515)
Net property and equipment	$ 12,921,263	$ (308,956)	$ (13,063)	$ 12,599,244

	2022	Additions	Disposals	2023

Net property and equipment	$ 13,275,482	$ (354,219)	$ -	12,921,263

Note 7. Leases

The YWCA has operating leases for housing associated with program activities and storage space. Leases are either for one year or less or on a month-to-month basis. The Organization has elected to recognize the lease payments in rent expense on the straight-line basis on the consolidated statements of functional expenses. Total housing lease payments and miscellaneous rentals totaled $420,805 and $350,957, respectively, for the years ended June 30, 2024 and 2023.

Note 8. Deferred Gift Annuities

The YWCA originally received three deferred gift annuities totaling $45,559. In exchange, it committed to making annual annuity payments of $1,180, $975, and $700 to the donors at a 5% annuity rate, beginning in November 2023, December 2023, and December 2024, respectively, with payments continuing on the same date each year.

During the current fiscal year, all three donors relinquished their rights to the annuity payments, effectively donating the annuities back to the YWCA without expectation of further payments. As a result, the full amount was removed from the annuity payable account.

Note 9. Line of Credit

The YWCA established a line of credit agreement with a local financial institution in July 2016 that renews annually. The line of credit is for a maximum of $100,000. Interest is variable at the Wall Street Journal Prime Rate (8.50% and 8.25% at June 30, 2024 and 2023, respectively) plus a margin of 0.50 percent, maturing on July 18, 2024. The line of credit was renewed March 10, 2025 for another year.

Note 10. Endowment

Interpretation of Relevant Law

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the YWCA classifies as net assets with donor restrictions the original value of the gifts donated to the perpetual endowment, the original value of the subsequent gifts to the perpetual endowment, and accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is also classified in net assets as with donor restriction are those amounts classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

The YWCA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund.
2. The purposes of the organization and the donor-restricted endowment fund.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the organization.
7. The investment policies of the organization.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Agency to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in net assets without donor restrictions. These deficiencies result from unfavorable market fluctuations that occur during the investment of the perpetually restricted contribution and continued appropriation for certain programs that are deemed prudent by the Board of Directors. There were no such deficiencies as of June 30, 2024 and 2023. The principal contributions to the endowment were valued at $172,170 and $172,170 as of June 30, 2024 and 2023, respectively.

Note 10. Endowment (Continued)

Spending Policy and How the Investment Objectives Relate to Sending Policy
YWCA's spending policy for allows an annual distribution not to exceed the average net earnings, growth, and income. Any portion of the annual distribution funds not distributed in any given year will be retained in the endowment fund for expenditure in future years. YWCA expects its spending policy to allow the endowment to grow and to maintain the purchasing power of the endowment assets.

Changes in endowment net assets are as follows:

	Without Donor Restrictions-Board Designated	With Donor Restrictions-Expendable	With Donor Restrictions-Perpetual	Total
Endowment net assets, June 30, 2022	$ 882,697	$ 268,997	$ 140,027	$ 1,291,721
Investment gain/ loss	102,592	55,733	-	158,325
Change in annuity payable	-	-	(1,608)	(1,608)
Transfers	-	-	-	-
Endowment net assets, June 30, 2023	985,289	324,730	138,419	1,448,438
Investment gain or loss	135,002	71,850	-	206,852
Contributions	-	-	33,751	33,751
Change in annuity payable	-	-	-	-
Transfers	-	-	-	-
Endowment net assets, June 30, 2024	$ 1,120,291	$ 396,580	$ 172,170	$ 1,689,041

Note 11. Net Assets With Donor Restrictions

Net assets with donor restrictions at June 30 consist of donation and grant revenues from various agencies intended for various functions as follows:

	2024	2023
Purpose restricted - facility expansion	$ 65,806	$ 373,365
Time restricted - grants and pledges receivable	614,576	343,006
Time restricted - endowment earnings	396,580	324,730
Perpetually restricted - endowment corpus	172,170	138,419
Total	$ 1,249,132	$ 1,179,520

Note 12. Retirement Plan

YWCA employees regularly working 20 hours or more per week who have met years of service and hours worked requirements may participate in non-contributory, multiple employer defined benefit YWCA Retirement Fund. Eligible employees may contribute up to the maximum amount allowed by law. The YWCA contributed 3% in matching contributions for the years ended June 30, 2024 and 2023 in the amount of $35,175 and $34,324, respectively. The YWCA has no pension benefit obligations or other related defined benefit accounting requirements as the plan is not administered by the YWCA.

Note 13. Risk Management

The YWCA faces a number of risks including (1) loss or damage to property, (2) general liability, (3) director and officer liability, and (4) employee medical insurance. Commercial insurance policies are purchased for all of these risks.

Note 14. Guarantees

As part of the financing arrangements, YWCA Missoula and the YWCA Missoula Title Holding Company have provided certain guarantees to YWMSO SUB CDE, LLC and YWMSO Investment Fund, LLC. The guarantees are as follows:

Tax Credit Delivery and Recapture Guarantees
Pursuant to the Unconditional Guaranty Agreement, the YWCA Missoula Title Holding Company and YWCA Missoula have agreed to guarantee against loss or recapture of NMTC arising from failure to comply with IRC and treasury regulations related to the NMTC program. This guarantee will be up to the full amount of any recaptured and/or lost credits, including interest and penalties thereon.

Completion Guarantee
Pursuant to the Guaranty Agreement, YWCA Missoula agreed to guarantee lien-free completion of the construction of the facility expansion at 1800 South 3rd Street in Missoula, Montana.

Note 15. Related Party Transactions

During the year ended June 30, 2020, YWCA Missoula and YWCA Missoula Title Holding Company entered into transactions to finance and develop the construction of a new facility at 1800 South 3rd Street in Missoula, Montana (the Project). The Project was partially financed through the use of the New Markets Tax Credit (NMTC) Program under IRC Section 45(d) and involved offsetting transactions with YWMSO SUB CDE, LLC and YWMSO Investment Fund, LLC. The note receivable between YWCA Missoula and YWMSO Investment Fund, LLC is more fully described at Note 3. The note payable between the YWCA Missoula Title Holding Company and YWMSO SUB CDE, LLC is more fully described at Note 5.

Note 15. Related Party Transactions (Continued)

The managing member of YWMSO SUB CDE, LLC, with a 0.01% ownership interest, is MoFi. The Investor Member of YWMSO SUB CDE, LLC, with a 99.99% ownership interest, is YWMSO Investment Fund, LLC. The Title Holding Company received its initial loan funding from YWMSO SUB CDE, LLC, whose funding was received through transactions involving YWCA Missoula and YWMSO Investment Fund, LLC, whose sole member is First Security Bank, a Division of Glacier Bank. All of these entities are considered related parties for the purposes of facilitating the financing and development of the Project.

All rental property owned by the Title Holding Company is to be leased to YWCA Missoula under a finance lease that expires in 2044. It is the Organizations' understanding that once the holding period requirement is met for the New Markets Tax Credit (NMTC) Program, the rental property being leased will be given to the YWCA Missoula and no longer leased as the Title Holding Company will cease to exist. Therefore, we consider the lease term to be 7 years. Rental revenue for the Title Holding Company the years ended June 30, 2024 and 2023 amounted to $131,000. The following is a schedule of minimum future rents to be received for the years ending June 30:

2025	$ 131,000
2026	131,000
2027	99,000
Total	$ 361,000

Note 16. Change in Inventory

During fiscal year 2024, the YWCA determined its accounting process for donated items received, sold in stores, and remaining in inventory at year-end. Donated items on hand at the beginning of the year were counted and recorded as inventory. At year-end, the total sales from thrift stores were recorded as thrift store donated items revenue, with a corresponding entry for the cost of goods sold. An inventory count was conducted at year-end to ensure the accurate valuation of all donated items received throughout the year.

Note 17. Net Loss

In fiscal year 2023, the organization received an unrestricted donation for $2,250,000. The board of directors designated those funds to be expended over the next 5 years. The current year net loss is the result of fully recognizing that donation in the prior year.

Note 18. Subsequent Events

Management has evaluated subsequent events through March 19, 2025, the date which the financial statements were available to be issued. The following disclosures were deemed necessary.

Subsequent to year-end, the Organization purchased property for $2,295,000. Purchase was financed with a bank loan for $1,706,250, secured by property and a line of credit for $243,750.

YWCA MISSOULA
YWCA MISSOULA TITLE HOLDING COMPANY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2024

Note 1. Basis of Accounting

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of YWCA Missoula and YWCA Missoula Title Holding Company under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of YWCA Missoula and YWCA Missoula Title Holding Company, it is not intended to and does not present the consolidated financial position, changes in net assets, or cash flows of YWCA Missoula and YWCA Missoula Title Holding Company.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule of Expenditures of Federal Awards are reported on the accrual basis of accounting, except that reported Federal expenditures include purchases of long-lived assets, which are capitalized as assets and not reported as expenses in the consolidated financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The information included in this schedule is presented in accordance with the requirements of the Uniform Guidance. Some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements. Reported Federal expenditures include only expenditures paid with Federal funds or reportable program income.

Note 3. Indirect Cost Rate

YWCA Missoula and YWCA Missoula Title Holding Company did not elect to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4. Subrecipients

YWCA Missoula and YWCA Missoula Title Holding Company provided no awards to subrecipients during the year ended June 30, 2024.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors and Management
YWCA Missoula
YWCA Missoula Title Holding Company
Missoula, Montana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of YWCA Missoula and YWCA Missoula Title Holding Company (nonprofit organizations), which comprise the consolidated statement of financial position as of June 30, 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 19, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered YWCA Missoula and YWCA Missoula Title Holding Company's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of YWCA Missoula and YWCA Missoula Title Holding Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the organizations' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Office: (406) 549-4148 / Fax: (406) 549-3003 / jccscpa.com

Board of Directors and Management
YWCA Missoula
YWCA Missoula Title Holding Company

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether YWCA Missoula and YWCA Missoula Title Holding Company's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organizations' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organizations' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors and Management
YWCA Missoula
YWCA Missoula Title Holding Company
Missoula, Montana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited YWCA Missoula and YWCA Missoula Title Holding Company's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of YWCA Missoula and YWCA Missoula Title Holding Company's major federal programs for the year ended June 30, 2024. YWCA Missoula and YWCA Missoula Title Holding Company's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, YWCA Missoula and YWCA Missoula Title Holding Company complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year then ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of YWCA Missoula and YWCA Missoula Title Holding Company and to meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of YWCA Missoula and YWCA Missoula Title Holding Company's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to YWCA Missoula and YWCA Missoula Title Holding Company’s federal programs.

321 W Broadway, 4th Floor / Missoula, MT 59802
Office: (406) 549-4148 / Fax: (406) 549-3003 / jccscpa.com

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on YWCA Missoula and YWCA Missoula Title Holding Company's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and the therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about YWCA Missoula and YWCA Missoula Title Holding Company’s compliance with those requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding YWCA Missoula and YWCA Missoula Title Holding Company's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of YWCA Missoula and YWCA Missoula Title Holding Company's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of YWCA Missoula and YWCA Missoula Title Holding Company's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance. Accordingly, no such opinion is expressed.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

YWCA MISSOULA
YWCA MISSOULA TITLE HOLDING COMPANY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2024

I. Summary of Auditors' Results

1. The independent auditors' report expresses an unmodified opinion on whether the consolidated financial statements of YWCA Missoula and YWCA Missoula Title Holding Company were prepared in accordance with U.S. GAAP.

2. No significant deficiencies or material weaknesses relating to the audit of the consolidated financial statements are reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.

3. No instances of noncompliance material to the consolidated financial statements of YWCA Missoula and YWCA Missoula Title Holding Company, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.

4. No significant deficiencies or material weaknesses in internal control over major federal award programs disclosed during the audit are reported in the Independent Auditors' Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance.

5. The independent auditors' report on compliance for the major federal award programs for YWCA Missoula and YWCA Missoula Title Holding Company expresses an unmodified opinion on all major federal programs.

6. There are no audit findings that are required to be reported in accordance with 2 CFR Section 200.516(a).

7. The program tested as major program was Justice for Families Program (ALN 16.021).

8. The threshold for distinguishing Types A and B programs was $750,000 in expenditures.

9. YWCA Missoula and YWCA Missoula Title Holding Company was determined to be a low-risk auditee.
